I am an experienced dentist especially trained in pediatric dentistry, orthodontics, and preventive dentistry. I have extensive knowledge related to epidemiological studies on oral health, caries prevention and the interdisciplinary team work in groups of all ages. I am an actively publishing author with more than 130 written scientific publications (mostly as the first or the last author), both in Hungarian, English or German languages and more than 640 independent citations (mainly from foreign countries). Currently. I have excellent communication and teaching skills. I'm the member of Editorial Board in 18 international scientific journals.
